NOTIFICATION

Addendum

The following communication, received on 27 July 2020, is being circulated at the request of the Delegation of New Zealand.

Proposed amendment to the IHS 155.02.05: Seeds for sowing and requirements for the importation of pelleted seeds for sowing

This is an addendum to New Zealand's WTO notification (G/SPS/N/NZL/617) made on 5 February 2020 on proposed amendments to import requirements for pelleted seeds for sowing. The notified amendments included a requirement for a phytosanitary certificate to accompany for all pelleted seed lots. We have now considered application of this measure and have made it more trade-enabling by removing the requirement for a phytosanitary certificate for pelleted seed lots of species with 'basic' import requirements in import health standard 155.02.05: *Seeds for sowing*. This addendum does not extend the scope of the previously notified regulation nor will potentially affect Members as this is a trade-enabling amendment.

This addendum concerns a:

- Modification of final date for comments
- Notification of adoption, publication or entry into force of regulation
- Modification of content and/or scope of previously notified draft regulation
- Withdrawal of proposed regulation
- Change in proposed date of adoption, publication or date of entry into force
- Other:

Comment period: (If the addendum extends the scope of the previously notified measure in terms of products and/or potentially affected Members, a new deadline for receipt of comments should be provided, normally of at least 60 calendar days. Under other circumstances, such as extension of originally announced final date for comments, the comment period provided in the addendum may vary.)

- Sixty days from the date of circulation of the addendum to the notification and/or (dd/mm/yy):
